Rules of Engagement for

National Cyber Drill 2026

Version 1.0

National Cyber Drill 2026

BGD e-GOV CIRT is delighted to unveil the National Cyber Drill 2026, a significant event tailored for cybersecurity professionals. This initiative underscores our dedication to empowering professionals in the field, providing them with a challenging platform to fortify their capabilities against the ever-evolving landscape of cyber threats. This unique drill is crafted to simulate real-life cybersecurity events and incidents, presenting participants with hands-on challenges that demand the use of specialized skills and tools. All the scenarios and VM with necessary access credentials will be provided for the drill participants.

Please note that all the registered participants have to abide by the Rules of Engagements for this drill.

Rules of Engagement

1. Participants from any organization and Educational Institution can create a team and all participants will play as a team. Participants shall register in our platform using the cyberdrill.cirt.gov.bd. **Please be informed that a team must be between 3-5 members. Only one team is allowed from each organization and all team member shall be from same organization. Team shall obtain signed Authorization Letter from their organization mentioning team members and upload it along with team member info.**
2. Each team must have a team leader (chosen by the organization) and a team name (unappropriated names will not be accepted)
3. All communication conducted through this **email** address **(cyberrange@cirt.gov.bd)**. You are requested to allow email communication from this email address for the test date and drill date. We will also use **Discord** as instant messaging during drill day for general discussion**. Naming convention in discord: "TeamName_PersonName".**
4. Top 30 teams from selection round can join in the final round of the National Cyber Drill 2026. Participants MUST poses their organization's/Institution's identity card for the final round event.
5. Teams cannot change team member for final round if they have selected.
6. Any of the members from a team can submit the answers. Please be aware that each question has **limited number** of attempts for a team.
7. **Don't upload any malicious content into the submission portal. It will be considered as a punishable offence.**
8. **It is strictly prohibited to share or exchanging flags/artifacts/answers/write-ups/hints of the injections or seek help to anyone other than own team members for the solution/hints during the competition.**
9. **The use of any remote access tools, either to or from your computer, for accessing the Cyber Drill scenario, artifacts or control your machine from outside during the Cyber Drill, is strictly forbidden.**
10. **It is strictly prohibited to Brute force, Denial of Service or any other disruptive actions against the drill platforms, servers or associated infrastructure.**
11. Participants have the freedom to use any tool including those available on the internet.
12. Violation of organizer's terms will terminate the player and/or team from the competition.
13. Teams who will score 40% or higher of allocated points will receive certificate of successful participation.
14. **All right reserved to BGD e-GOV CIRT for any changes.**
